Mission Statement

We accept all students **as they are** and believe that every one of them is **entitled** to the very **best education**, delivered in an **environment** that is **supportive, caring** and **safe**.

Our goal is to develop our students to become:

- **Successful** Learners.
- As **independent** as possible.
- **Confident** individuals and self-advocates.
- **Effective** communicators and **contributors**.
- **Responsible** citizens.

We will do this by working to **ensure we get every aspect of their provision just right**, helping them to achieve academically, personally, socially and morally.

Rights Respecting Schools

The Unicef UK Rights Respecting School Award (RRSA) is based on principles of equality, dignity, respect, non-discrimination and participation. The RRSA seeks to put the UN Convention on the Rights of the Child at the heart of a school's ethos and culture to improve well-being and develop every child's talents and abilities to their full potential. A Rights Respecting School is a community where children's rights are learned, taught, practised, respected, protected and promoted.

Stone Bay has achieved the Bronze Award: Rights Committed

This policy is written with reference to:

Article 23 (children with a disability) A child with a disability has the right to live a full and decent life with dignity and, as far as possible, independence and to play an active part in the community

Article 24 (health and health services) Every child has the right to the best possible health

1. Aims

Stone Bay School aims to:

Run an ECT induction programme that meets all of the statutory requirements underpinned by the early career framework (ECF)

Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers

Make sure all staff understand their role in the ECT induction programme

This policy applies to ECTs who start their induction **on or after 1 September 2021**.

2. Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance [Induction for early career teachers \(England\)](#) from 1 September 2021
- The [Early career framework reforms](#)
- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)
- [Early career teacher induction: COVID-19 absence exemption](#)

The 'relevant standards' referred to below are the [Teachers' Standards](#).

3. The ECT induction programme

The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF.

Prior to the ECT serving their induction, the headteacher and appropriate body must agree that the post is suitable.

For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Up to one term of continuous employment may count towards completion of the induction period.

The programme is quality assured by Thames Gateway Teaching School Hub, our 'appropriate body'.

3.1 Posts for induction

Each ECT will:

Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period

Have an appointed induction tutor, who will have qualified teacher status (QTS)

Have an appointed induction mentor, who will have QTS

Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range

Regularly teach the same class or classes

Take part in similar planning, teaching and assessment processes to other teachers working in similar posts

Not be given additional non-teaching responsibilities without appropriate preparation and support

Not have unreasonable demands made upon them

Not normally teach outside the age range and/or subjects they have been employed to teach

Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis

3.2 Support for ECTs

We support ECTs with:

Their designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments

Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback

Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback

Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths

Chances to observe experienced teachers, either within the school or at another school with effective practice

3.3 Assessments of ECT performance

Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the ECT's induction tutor.

These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.

The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, induction tutor and the ECT.

A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.

In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

3.4 At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

Areas in which improvement is needed are identified

Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards

An effective support programme is put in place to help the ECT improve their performance

The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.

4. Roles and responsibilities

4.1 Role of the ECT

The ECT will:

Provide evidence that they have QTS and are eligible to start induction

Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review

Agree with their induction tutor how best to use their reduced timetable allowance and guarantee engagement with their ECF-based induction

Provide evidence of their progress against the relevant standards

Participate fully in the monitoring and development programme

Participate in scheduled classroom observations, progress reviews and formal assessment meetings

Agree with their induction tutor the start and end dates of the induction period, and the dates of any absences from work during the period (noting that until 1 September 2022, absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend their ECT induction)

Keep copies of all assessment reports

When the ECT has any concerns, they will:

Raise these with their induction tutor as soon as they can

Consult with their contact at the appropriate body at an early stage if there are difficulties in resolving issues with their induction tutor or within the school

4.2 Role of the headteacher

The headteacher will:

Check that the ECT has been awarded QTS and whether they need to serve an induction period

Agree, in advance of the ECT starting, who will act as the appropriate body

Notify the appropriate body when an ECT is taking up a post and undertaking induction

Make sure the ECT's post is suitable according to statutory guidance (see section 4.1 above)

Make sure the induction tutor is appropriately trained and has sufficient time to carry out their role effectively

Make sure the induction mentor is appropriately trained and has sufficient time to carry out their role effectively

Make sure an appropriate ECF-based induction programme is in place

Make sure the ECT's progress is reviewed regularly, including through observations and feedback of their teaching

Make sure that formal assessments are carried out and reports completed and sent to the appropriate body

Maintain and keep accurate records of employment that will count towards the induction period (noting that up until 1 September 2022, any absences due to coronavirus – in the form of school closure, sickness or self-isolation – will not count towards the 30-day absence limit that would extend the NQT's induction)

Make sure that all monitoring and record keeping is done in the least burdensome and most streamlined way

Make the governing board aware of the support arrangements in place for the ECT

Make a recommendation to the appropriate body on whether the ECT's performance against the relevant standards is satisfactory

Participate in the appropriate body's quality assurance procedures of the induction programmes

Keep all relevant documentation, evidence and forms on file for 6 years

4.3 Role of the induction tutor

The induction tutor will:

- Provide guidance and effective support to the ECT(with the appropriate body where necessary)
- Carry out regular progress reviews throughout the induction period
- Undertake 2 formal assessment meetings during the induction period, coordinating input from other colleagues as appropriate
- Carry out progress reviews in terms where a formal assessment doesn't occur
- Inform the ECT following progress reviews of their progress against the relevant standards, and share records with the ECT, headteacher and relevant body
- Inform the ECT during the formal assessment meeting of the judgements to be recorded on their formal assessment record and invite the ECT to add their own comments
- Make sure that the ECT's teaching is observed and feedback is provided
- Make sure the ECT is aware of how they can raise concerns about their induction programme or their personal progress, both within and outside of the school
- Take prompt, appropriate action if the ECT appears to be having difficulties
- Make sure that all monitoring and record keeping is done in the least burdensome way, and that ECTs are not asked for any evidence that requires the creation of new work

4.4 Role of the induction mentor

The induction mentor will:

- Regularly meet with the ECT for structured mentor sessions to provide targeted feedback
- Work with the ECT, and colleagues within the school who are involved in the ECT's induction, to help make sure the ECT receives a high-quality ECF-based programme
- Provide, or arrange, effective support – including subject-specific, phase-specific, coaching and/or mentoring
- Act promptly and appropriately if the ECT appears to be having difficulties

4.5 Role of the governing board

The governing board will:

Make sure the school complies with statutory guidance on ECT induction

Be satisfied that the school has the capacity to support the ECT

Make sure the headteacher is fulfilling their responsibility to meet the requirements of a suitable induction post

Investigate concerns raised by the ECT as part of the school's grievance procedures

If it has any concerns or questions, seek guidance from the appropriate body on the quality of the induction arrangements and the roles and responsibilities of staff involved in the process

If it wishes, request general reports on the progress of the ECT on a termly basis

5. Monitoring arrangements

This policy will be reviewed **annually** by AHT/DHT. At every review, it will be approved by the full governing board.
